

The Students' Association

The Students' Association of Red Deer College was created by students for students. It provides a wide variety of services, from advocacy to a used bookstore, to the students it serves. The businesses the Students' Association runs — the Far Side Bar & Grill, the Lift, the SA used bookstore, the Student Handbook — help offset the costs of providing these services.

Our mission — The Students' Association of Red Deer College will enrich and enhance the quality of student life at Red Deer College by providing affordable and quality services, effective political representation and exciting opportunities for its members.

Advertising Rates 2018-2019

Why student-targeted publications...

Youth and post-secondary students make up an important and desirable part of the consumer market. In fact, most post-secondary students fall into the important 18-29 age bracket.

Why SARDC student publications...

SARDC publications are different from many other student-targeted publications. The difference? SARDC is run by and for students. Money generated through SARDC publications — the Student Handbook and the student newspaper — directly helps support student services and initiatives.
