\*\*Note: November 6 meeting was cancelled; not necessary because we met on October 30.

Paulette Hanna, Vice President Academic, and Steven Lane, Associate Vice President Academic, joined the meeting to introduce themselves and speak on a few items. Paulette spoke on the Program Mix. This provides the opportunity for the College to evaluate the programs they are wishing to develop. Items that are considered during this evaluation are: the cost of implementing the program, viability of the program in the community, demand, how unique is this program, synergy and enhancement for the program in the future and the link to job growth. With all of that in mind, each School creates a 10 year strategic plan which is reviewed twice a year.

Paulette also spoke on Red Deer College implementing a Fall Reading Break. The Students' Association plebiscite question during the Executive Elections showed that students would like to see the break. The College will not be able to implement this break until the 2019-2020 Academic year.

Steve Lane spoke on the Indigenous Education Strategic Plan, a committee has been created to address this with the help of the Red Deer College Indigenous Student Circle. 6 guiding principles have been created for the document and future planning (see attachment), and with those principles in mind the committee has identified 5 Strategic Priorities (see attachment.) Once the draft version of the Strategic Plan is complete it will be submitted to Academic Council and Services Council for approval. Steve will also be recommending that the Red Deer College President Sign the 'Indigenous Education Protocol for Colleges and Institutes' as a way to show support to the Indigenous community.

Red Deer College has recently received word that their application for Mental Health Funding has been approved. The College will receive an annual amount of \$125,000 for 3 years. Steve will spearhead a committee which will include Counselling & Career Centre, Student Services and the Students' Association.
